Valencia Black-Out (FR)

Our Valencia Black-Out fabrics offer the same touch and durable fire retardant(FR) performance as the standard Valencia range, but with a smooth PVC blackout coating on the reverse side. This produces a luxurious soft finish at the same time as full black-out performance.

Function
Blackout

Composition
100% PES

Cleaning
Do not soak. Clean by gently wiping with a sponge

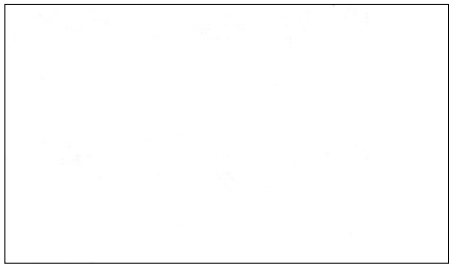

Roll width
300cm

Weight
321g/m2

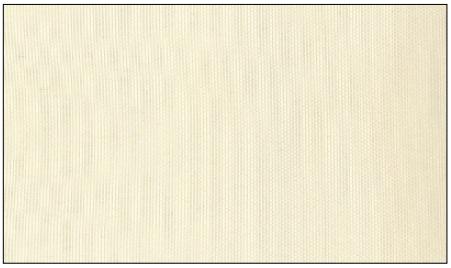

FR
B1, M2

Thickness
0.49mm +/- 0.05mm

The performance details of our fabrics are based on a calculated estimate derived from a specific set of circumstances. This is provided to act as a guide only, actual results may vary significantly depending on the unique conditions of the installation environment, including factors such as the glazing, lighting, temperature, location, and usage patterns. We recommend considering a physical working sample when evaluating performance. We reserve the right to change product details without notice and cannot be held liable for any decisions made based on this performance information.
